Our Magic Mirror

Our Magic Mirror is an interactive full length mirror that is touch screen activated. The photobooth is fully staffed and operated: we help you to get in to the correct position for the camera. Then on-screen animations count you down ready for your close up.

Then you can sign your photo with emojis and write a message on the touch screen for each photo you take. Your text is displayed in the bottom left corner of your photo. This means that your photo is the guest book so your guests can write a message to you. We then print your photos instantly.

Our Selfie Mirror

Our Selfie Mirror is touch screen operated. Choose from: photo, gif, boomerang or video then wait for the onscreen countdown. Once you have posed for the camera you can send your photo direct to your phone by text, email or QR code. If you choose the photo option you can personalise it with stickers and write a message.

Customer Review

"We hired the Selfie Mirror and Sweet Ferris wheel for our wedding in October and it was one of the best things we did for the big day - would 100% recommend! Rachael was so lovely in helping us get everything set-up, and let us have the Selfie Mirror all day. It was also really popular with the kids - kept them entertained for hours! There are going to be some fantastic shots to include when some of them turn 18 😂 I love looking back over all the photo's, there are definitely some memorable one's in the 460+ we've had back. If you're planning a wedding - please, please include one of Rachael's photo opportunities, it will provide you with so many memories and you're guests will love it!"

Customer Review

"Thank you so much for coming to our wedding Rachael. Our guests thoroughly enjoyed using the magic mirror and the photos are amazing. Your communication before the event was excellent and you made a background that suited what we wanted. You went over and above and ensured that we also used the magic mirror. We would highly recommend you, very professional and personalised the mirror to our taste. Thank you so much"

Customer Review

"One of the reasons we chose you was because we walked away from the wedding fayre knowing exactly whether we had the budget for you or not. No faffing about, no long email chain dancing around requirements and estimates. We asked if you were free on our date, knew the price, booked you. Winner"
