- "Using Hadwin Events for our big day was an absolute pleasure from beginning to end, with many options to choose from and the best support all the way through, we couldn't have asked for a better experience. Our option to have a circle selfie mirror for our guests to capture more magical moments, and an audio guest book to allow our guest to leave a personal voice message for us to cherish forever, were set up in minimal time and fully accessible for all. The best personal touches for me were that all pictures could be sent to the guest in the moment and also sent to us via a link. Also, once the day was over, we were supplied with a flash drive with all the recordings for us to download and listen to. If this is a feature that you're looking for at you party or event, I would 100% recommend using Hadwin Events."*

- "We had a brilliant experience using Hadwin Events, Rachael is lovely! So professional and the phone was a big hit with everyone! I couldn't believe how quick we got the voice recordings back as well. When we arrived everything was set up for us and at the end of the night we didn't even noticed Rachael collecting it! I would absolutely recommend Rachael to anyone! The sweet ferris wheel was 10/10! Not that I got many as it was very popular 🥰xx"*
- We had the selfie booth at our wedding and it went down a treat with all our guests. We have a copy of all the photos/reels taken and they are amazing. Rachel was also great and kept in touch from 1st enquiry to after our day checking in with at every step. Would recommend to everyone. Will definitely book again in future."*

- "We booked the selfie mirror. And honestly forgot we did. The groom was on zero pictures but our guests. Wow. What memories!! There are so many pictures we will treasure forever so easy to book and the service was incredible. We lost our USB and got a replacement with zero issue. I can not recommend enough!! I wish we could do it all again. And 100% would book the selfie mirror! Props where exactly what we asked for. Everything was perfect xxxx"*
- "We hired Hadwin Events for our wedding in April - The photobooth was an excellent addition to the evening part of the wedding and we got some great pictures! Communication when enquiring, booking and leading up to the event was excellent and really helped put my mind at ease whilst wedding planning. The team were lovely and really got on well with the guests to keep the party going for the time they were there. We got the physical prints of the images in a lovely box and digital copies also, each guest got their own print too every time this was used which was such good value for money - Thank you!"*
- "What a fab service from Hadwin Events- Magic Mirror Photobooth for Hire- Liverpool Everyone got a copy of their pics, we had the chance to put a message on the pics taken, the photos could also be sent to our phones and to top all that off, the Birthday boy got a personalised box (pic on comments) with a copy of all pics taken on the night, a USB stick with all the photos on and a little pack of sunflower seeds to plant #adorable 🌻🌻 Plus, Rachel who was staffing the selfie mirror and doing all the print outs was so lovely, helpful and patient with everyone. If you are having a party or celebration, this is a great opportunity to capture the fun and make memories 🎉"*
